GM P/LT MAY 20

Price List#Edition Dec 2020

The Company

In 2002 the organization has appeared with an objective to make things easier and life simpler. GM has believed that the hard working world deserves a less complex life. And the human struggles need to decrease through simple access to automation.

GM redefined switch manufacturing in India. From switches to home automation, for more than a decade we have been catering "better lives" to our customers across the country. By introducing innovation, GM incorporates advanced and imaginative products that transformed people's lives tremendously. At GM, we believe in constant innovation and we are the market leaders in switches and other home electrical accessories.

Founded in 2002, we have been in the forefront of home electrical solutions. We made space for good technology for every home by introducing some revolutionary products like new generation switches, home automation, Bluetooth music players, home security products, switchgears and brilliant contemporary range in LED lighting and luminaires.

Our innovations are the result of a strong research & development team, which is further complimented by an equally dedicated, and capable product design team. Our state-of-the-art manufacturing facility is spread around 2.5 lakh square feet with the most efficient and high-grade machinery that produces the finest quality products that carry the GM logo.

Welcome to the most luxurious experience

I was always fascinated by GM's idea of luxury and therefore this successful association. Luxury is one brilliant idea. That one idea that further helps to elaborate creating functional products. GM understands how important experiences are, and that is what we inculcate in our designs. FourFive is about classic timeless forms to unconventional designs, we find inspiration from everything.

Being GM's brand ambassador, I believe that luxury is that state of mind where experiences aid in creating the right mind-set. GM's motive of offering convenience to a million, got my instant consent of collaboration. Moreover, with our passion towards our work, the excellence in creating products of exceptional quality, I can relate with my belief of giving it my all for that one perfect shot.

With all my heart, I welcome you to have the most luxurious FourFive experience.

Suniel Shetty
(Brand Ambassador)

USB charger & International socket with Wavio Cover Plate

If you want to stay connected, you have to stay charged.

Stay in sync with your home entertainment needs, data transfer or device charging solutions. The innovative USB charging sockets charge devices such as mobile phones or MP3 players directly using the socket outlet without an additional charger.

Would you prefer a music player that just plays music or an i-Dock that plays music via Bluetooth, changes track with gestures, has SIRI, lets you take phone calls and also charges your phone?

VDP wiring diagram

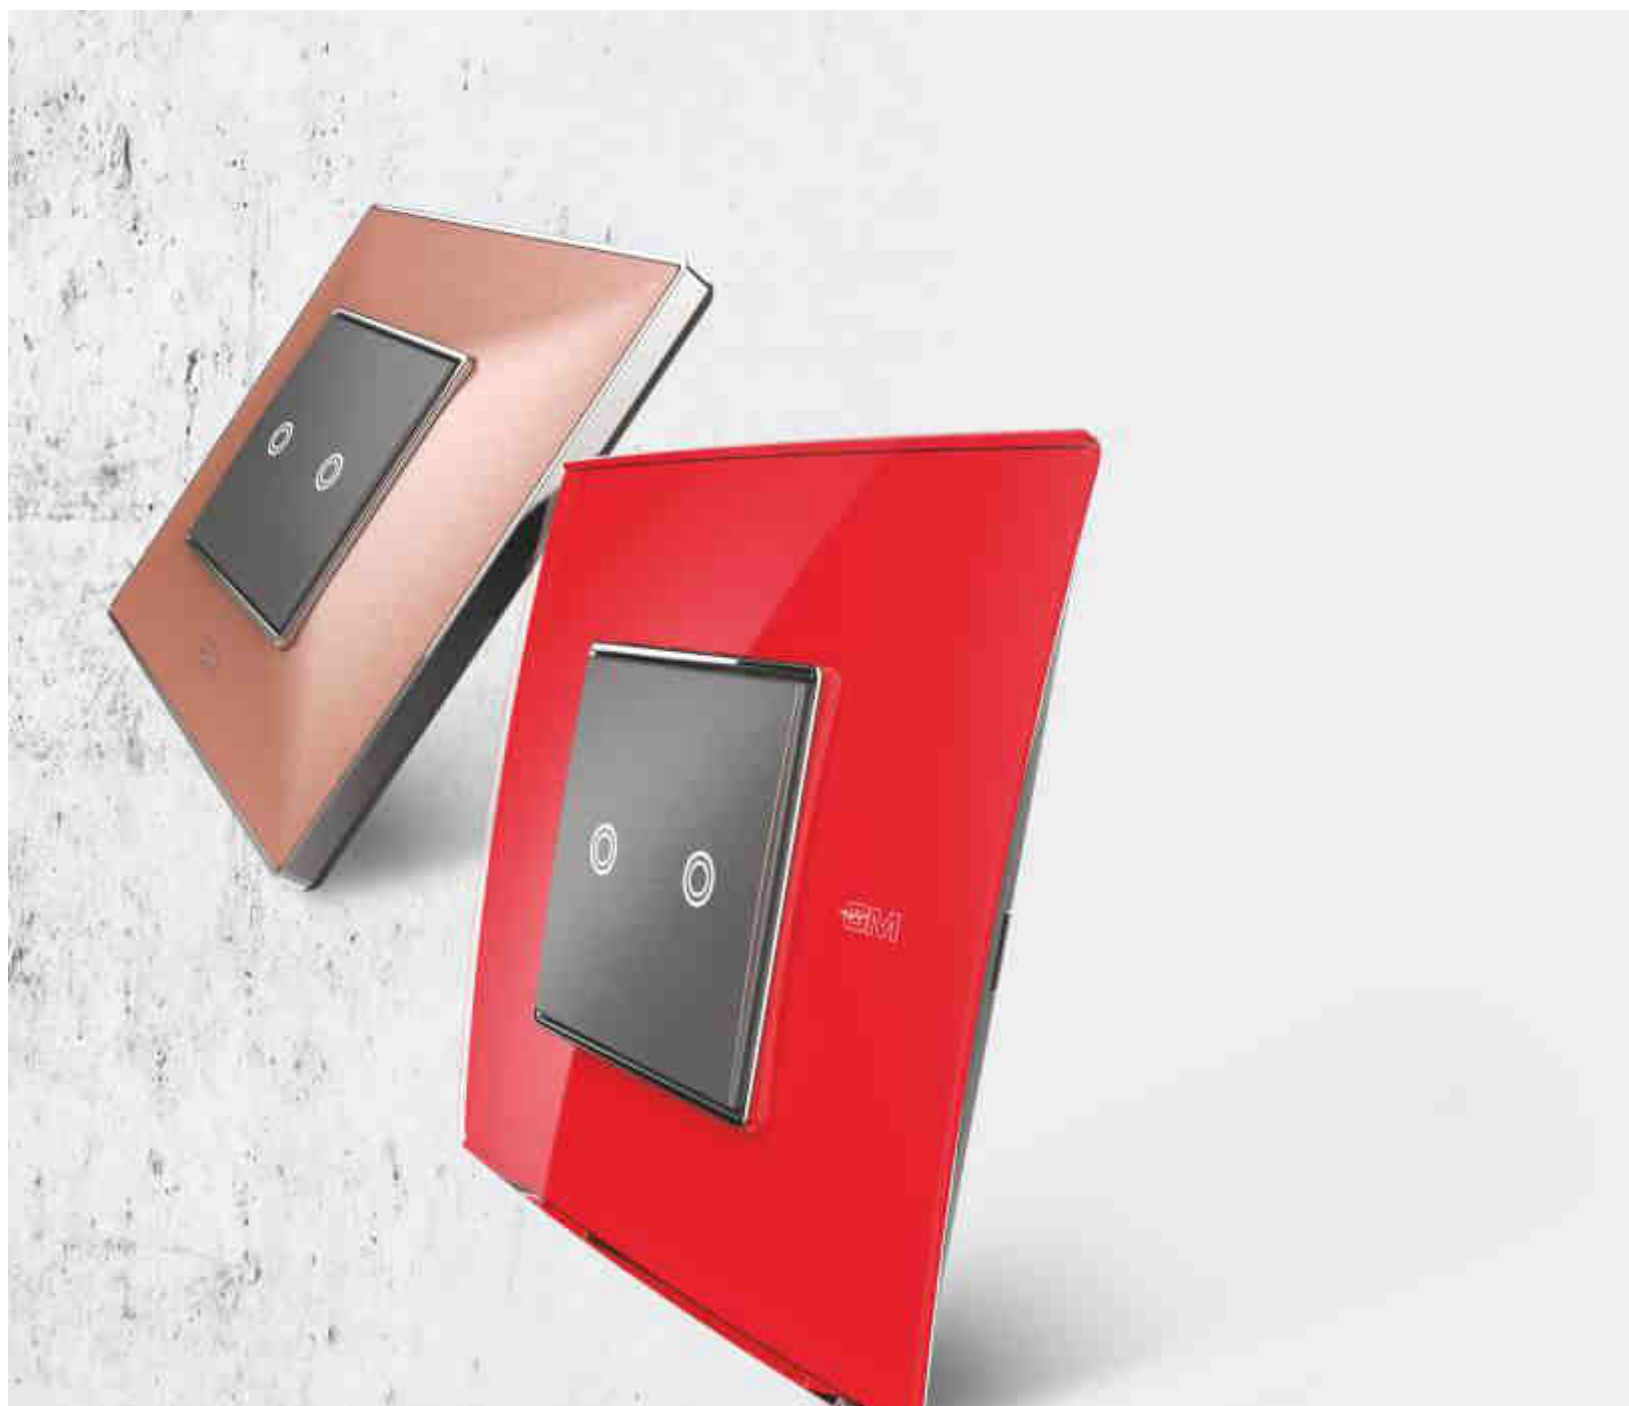

SWITCH TO A BETTER WORLD

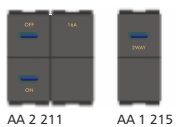

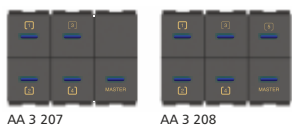

APARTMENT VDP WIRING LAYOUT

SECURITY ISN'T AN OPTION ANY MORE. IT IS A NEED. AND THERE ARE A LOT OF THINGS YOU CAN DO TO TAKE PRECAUTIONS FROM CRIME. THUS IT IS IMPORTANT TO TAKE AN EXTRA STEP TO ENSURE YOUR PROPERTY IS PROTECTED WITH FOOLPROOF SECURITY. THE GM APARTMENT VIDEO DOOR PHONE EXTENDS ITS EXPERTISE TO RESIDENTIAL BUILDINGS BY INTRODUCING THE MULTI-APARTMENT VIDEO DOOR PHONE. THE MODERN AND INNOVATIVE APARTMENT VDP ADVANCED SYSTEM IS MADE TO MEET THE SECURITY NEEDS OF THE HIGH-RISE BUILDINGS. THE APARTMENT VDP HAS DUAL SAFETY PROCEDURE THAT PROVIDES EXCEPTIONAL PROTECTION TO HOMEOWNERS. THE VISITOR HAS TO BYPASS THE BUILDING ENTRANCE FIRST BEFORE HE REACHES THE RESPECTIVE HOUSE. THERE IS ANOTHER ADVANTAGE OF INTER-FLATS COMMUNICATION WITHIN THE BUILDING.

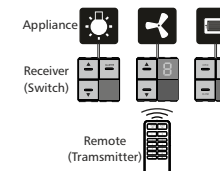

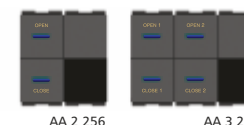

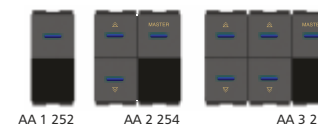

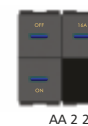

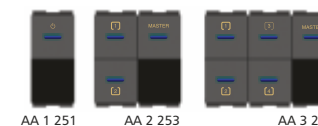

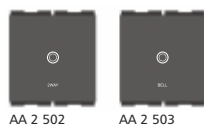

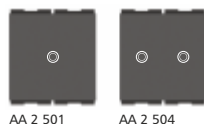

We can't tell you how much we like you to be comfortable. Which is why we made the Touch switch that operates just at a touch of a button. Now all you have to do is decide where you want to relax.

AA 2 508	8414	Adore - 4 Step Fan Regulator 6A Relay output with 4 steps fan coil speed operating load (FAN) - 100W	—	3400.00	5/150
AA 2 509	8414	Adore - 5 Step Fan Regulator 6A Relay output with 5 steps fan coil speed operating load (FAN) - 100W	—	3600.00	5/150

		1 Switch - 6A • Rated Voltage - 110-240V~ • Rated Load a) Resistive 6A. b) Incandescent Lamp - 1000W. c) Halogen with Transformer - 700W. d) Halogen without Transformer - 1000W. e) Compact Fluorescent Lamp - 200W. f) Inductive Motor Load (power factor 0.6 lag) 4A.
		2 Switch - 6A Each Switch • Rated Voltage - 110-240V~ • Rated Load - Each Switch a) Resistive 6A. b) Incandescent Lamp - 1000W. c) Halogen with Transformer - 700W. d) Halogen without Transformer - 1000W. e) Compact Fluorescent Lamp - 200W. f) Inductive Motor Load (power factor 0.6 lag) 4A.
		2 Way Switch - 6A • Rated Voltage - 110-240V~ • Rated Load - Each Switch a) Resistive 6A. b) Incandescent Lamp - 1000W. c) Halogen with Transformer - 700W. d) Halogen without Transformer - 1000W. e) Compact Fluorescent Lamp - 200W. f) Inductive Motor Load (power factor 0.6 lag) 4A.
		20A Switch • Rated Voltage - 110-240V~ • Rated Load - Each Switch a) Resistive 20A. b) Incandescent Lamp - 3000W. c) Halogen with Transformer - 2000W. d) Halogen without Transformer - 3000W. e) Compact Fluorescent Lamp - 600W. f) Inductive Motor Load (power factor 0.6 lag) 4A.
		Light Dimmer • Rated Voltage - 110-240V~ • Rated Load - 450W. • Tested for 20,000 Switching Cycles at Rated Voltage and Rated Load
		Drape Controller • Rated Voltage - 110-240V~ • Rated Load - 100W. • Tested for 20,000 Switching Cycles at Rated Voltage and Rated Load
		5 Step Fan Regulator • Rated Voltage - 110-240V~ • Rated Load - 100W. • Tested for 20,000 Switching Cycles at Rated Voltage and Rated Load

You don't have to decide between design and comfort! The new Wi-Fi switches offer you both. Ergonomically correct and technologically innovative switches that function only to bring you ease.

AA E 531	8517	i-Fi - Extender Input DC 5V - 13V, Power <=1W, Maximum 4 Host Control Machine can be connected GM- i-Fi application available on i-OS & Android	6699.00	-	1/50

INTELLIGENT SYSTEM SOLUTIONS

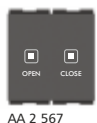

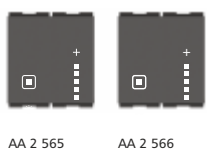

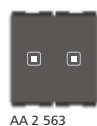

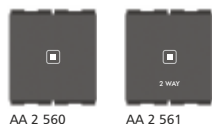

GM I-FI AUTOMATION TECHNOLOGY EXTENDS SMART HOME SOLUTIONS FOR AN INTELLIGENT LIFESTYLE. WITH A ROUTER AND WIRELESS CONNECTION YOU CAN CONTROL YOUR HOME ELECTRICAL DEVICES LIKE TELEVISION, AIR CONDITIONING, LIGHTS, KITCHEN APPLIANCES, CURTAINS, SECURITY-SENSING DEVICES, SECURITY ALARM SYSTEMS ETC. WHEN YOU ARE AWAY FROM HOME/ OFFICE, ALL YOU NEED IS A CELL PHONE OR A COMPUTER AND ANY INTERNET MEDIUM THAT COMMUNICATES TO YOUR HOME NETWORK THAT FURTHERS CONTROLS THE DEVICES. YOU CAN CONTROL THE REAL-TIME SITUATION AT HOME, EXPERIENCING THE WONDERS OF TECHNOLOGY AT ITS BEST.

AER9
SWITCHES

The sophisticated and the ingenious comes home.

Uniformity in design hasn't lost its charm. The sophisticated brings consistency with a contemporary creative form. The prominent and distinguished design character brings fine solutions to the contemporary world.

Your memories can now last forever. By adding a marvelous magical touch to your kids' room with the lively Disney characters around, you are simply going to create your own Disney world within your home.

Disney Plate with Smart Switches

WE HAVE ALWAYS BELIEVED THAT SOME THINGS ARE JUST PRICELESS. NOT VERY OFTEN WE HAVE PRODUCTS WITH EMOTIONS ATTACHED TO THEM. PERHAPS WITH DISNEY, WE MAKE THE BREAKTHROUGH. AND WE HAVE BUNDLED ALL THESE EMOTIONS INTO SWITCH PLATES AND MADE IT READY TO BE A PART OF YOUR HOME.

Disney Plate with Smart Switches

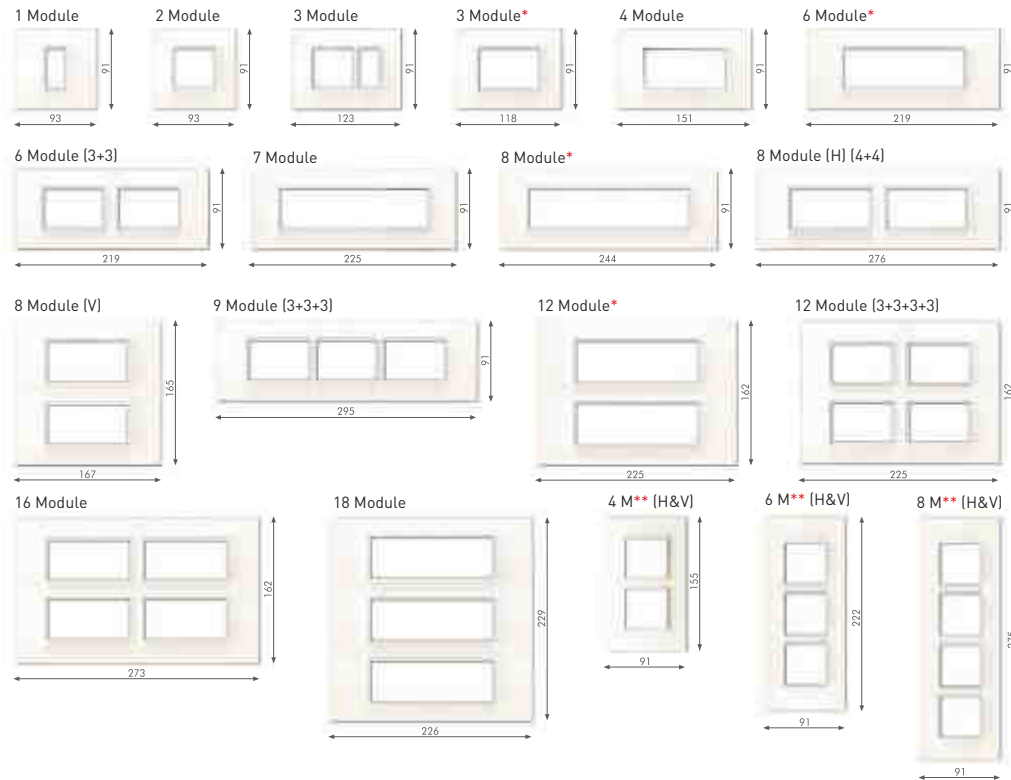

DISNEY HAS ENTERTAINED US FOR YEARS TOGETHER WITH ITS LIFELIKE CHARACTERS. TIMELESS CHARACTERS LIKE MICKEY MOUSE, DONALD DUCK, CINDERELLA ETC. HAVE ENTERED OUR LIVES ENTERTAINING US ALL THE WAY THROUGH. AND NOW WE HAVE BROUGHT DISNEY EVEN MUCH CLOSER WITH DISNEY SWITCH PLATES.

We respond instantly and instinctively to colour. The hues of orange give you the warmth and the shades of blue that cools your mood. Red that excites the passion and white that settles you in peace. Colours have that energy to make a design speak.

Article and cover plates Customization

Often, the market requests the possibility to personalize the front part of the covers with symbols or inscriptions, or the personalization of the front plates with identifying marks. These marks are required to enhance the prestige and image.

GM offers the possibility to produce inscriptions, symbols, logos or special marks on the articles or cover plates. The personalization is done by laser technology. Laser technology allows the reproduction of any name, logotype or trademark, with absolute precision and indelibility even for small quantities.

Examples

COVER PLATE

SMART CARD

SIGNAGE SLIDE (AA 3 161 MA)

SIGNAGE SLIDE (AA 3 123 MA)

Request of Customization

- Cover plates and Smart card - Please supply the image in EPS or TIFF format through e-mail/CD.
- Edge Glow LED Signage Slides - While ordering engraving of customized symbols on slides, wherever possible, reference should be made of the product code along with the number of symbol. (e.g. AA 3 123 MA / AA 3 161 MA means signage edge glow square slide with EXIT direction symbol).
- Please contact the customer service department for feasibility, quality and delivery time.

Symbols for customizable slides of LED Signage & Edge Glow LED Signage (Laser engraving)

Your name is your legacy.

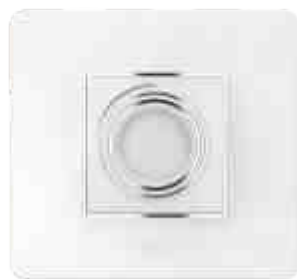

Although change is the only constant, it requires true will to take the leap. Give yourself and your home a fair chance to experience real comfort and ultimate sophistication. Make a smart transition to a better lifestyle with the GX range of switches and accessories that exemplify elegance and luxury.

Each passing day a new idea takes life that transforms the present into something better. A concept that evolves with time and stands the test of time. That is G-Era. It is just all about that newness to things. It is the joy of offering new solutions to all the spatial needs within a home. G-Era is about the new, which is you.

Simple yet elegant

Built to perfection and designed to ensure efficiency and protection providing uncompromising safety.

GM Distribution Boards (DBs) blend aesthetics, functionality and safety together. They are manufactured with high precision and supreme quality metal sheets that ensure anti-rust conditioning. GM Miniature Circuit Breakers (MCBs) protect installations against overload and short-circuits assuring reliability. Made from the best raw materials, PVC Pipes & Fittings have the same principles of good design and functionality. The fittings are manufactured from special formulations of Unplasticised Polyvinyl Chloride (UPVC) to meet the most rigorous International standards.

MCBs, DBs & Switchgears

The GM Miniature Circuit Breakers (MCBs) switch off its functioning when they sense any kind of danger concerning overload and short-circuit. They act as an instant fall-back in times of emergence and grant complete protection against unwanted hazards. They provide thorough safety to you and your loved ones around the clock. The MCBs can be used for home and industrial use. The RCCBs offer protection from risks of electrical shocks, electrocution and fires that are caused due to faulty wiring or earth faults.

MCB is a better alternative to a fuse since it does not require replacement once an overload is detected. Electrical Distribution needs are continuously evolving in residential, commercial and industrial sectors. Improved operational safety, continuity of service, greater convenience and operating cost have assumed a tremendous significance. Miniature Circuit Breakers have been designed to continuously adopt to these changing needs.

A Gold burst

Draped in a harmonious blend of pure metal and chrome, this season, get ready for a gold burst.

To make a better world, make life simpler.

It is what we strongly believe in. It is not just about innovating products, it's about everything we do that affects people and environment around us. We find us responsible to do things differently and in a better way. These are few initiatives we have already set into motion.

CLIMATE IMPACT

GM Modular supports the Climate Impact cause. We want to help carve a better cleaner world and that is why we started a strategic policy initiative. We are committed to align operations and strategies with environment friendly principles.

RECYCLE

We constantly find ways to make more out of less. That is why we try our best to use a recyclable resource. From tiny metal pieces to whatever that can harm the environment in reproducing, we reuse it.

LESS TRANSPORT

We have regional distribution centres spread across the country. In order to reduce the distance that our products have to travel to reach our customers, we have distribution centres with our channel partners to cut down on the transportation distance that helps curb CO2 emissions.

BETTER HOME ENVIRONMENT

A good home environment is important for your health and well-being. It is not only the ventilation and construction materials, but also the things you have inside, that influence the indoor environment of your home. GM refrains from using any harmful raw material that may cause unhealthy circumstances to life.

CERTIFIED

To help consumers make qualified decisions in choosing products that contribute to a healthy lifestyle, GM products have received safety certifications from around the world, as they have been tested thoroughly with regards to their functioning.

Harmonizing design and technology

The GM product range sets standards in design, function and technique. GM offers high-quality design, attractive colours and numerous intelligent functions with switches and automation. Our intent is to raise the quality of life and therefore, all products are designed to harmonize perfectly, with each other. From switches to socket outlets, from music technology to home automation, the use of GM products is not only attractive, but also convincingly comfortable. Having clear operating instructions in our packaging with the most important technical data assists in the safe and faultless installation of every GM product.
